

GAYATHRI BOOPALAN

No4, Bazaar Road, Periyapet, Saidapet, Chennai-600015.
+91 7094596154 | gayathrib660@gmail.com

🌐 Java Full Stack Developer Fresher with strong knowledge of
Java, Spring Boot, React.js, MySQL, and REST API development.

Career Objective

Motivated and enthusiastic Engineering graduate with a strong foundation in Java, Spring Boot, HTML, CSS, JavaScript, React.js, and MySQL. Passionate about software development, Artificial Intelligence, and building scalable web applications. Eager to apply my technical skills, continuously learn emerging technologies, and contribute effectively to organizational success while growing as a Java Full Stack Developer and expanding my expertise in AI-driven technologies.

Education

- Arunai Engineering College, Tiruvannamalai.** 2022-2026
Bachelor of Engineering (B.E.) – Electronics and Communication Engineering
CGPA: 7.3%
- Government Higher Secondary School, Ladavaram.** 2021-2022
(HSC – 12th Standard)
Percentage: 70.3%
- Government Higher Secondary School, Ladavaram.** 2019-2020
(SSLC – 10th Standard)
Percentage: 73%

Personal Links

- GitHub : <https://github.com/GayathriBoopalan>

Technical Skills

- Programming Languages:** Java, JavaScript
- Backend Technologies:** Spring Boot, JDBC
- Frontend Technologies:** HTML5, CSS3, Bootstrap, React.js
- Database:** MySQL
- AI Tools:** ChatGPT, GitHub Copilot, Midjourney, Writesonic

Core Technical Skills

- Java:** Strong understanding of Object-Oriented Programming (OOP), Arrays, Exception Handling, Collections, and JDBC.
- Spring Boot:** Knowledge of developing RESTful APIs, implementing CRUD operations, and building scalable Java-based web applications using the Spring Boot framework.
- MySQL:** Proficient in SQL queries, CRUD operations, Joins, Constraints, and relational database management.
- HTML5:** Skilled in creating well-structured, semantic, and accessible web pages using forms, tables, lists, and multimedia elements.
- CSS3:** Experienced in designing responsive and user-friendly web interfaces using Flexbox, Grid, Media Queries, and CSS animations.
- Bootstrap:** Proficient in building responsive, mobile-first, and modern web interfaces using Bootstrap components and utilities.
- React.js:** Familiar with developing reusable and interactive user interfaces using JSX, Components, Props, State, and Hooks.

Projects

- **Personal Portfolio Website**

Technologies : HTML5, CSS3, JavaScript

Developed a responsive personal portfolio website to showcase my profile, technical skills, projects, education, and contact information.

- **Book Management System**

Technologies: Java, Spring Boot, Spring Data JPA, Hibernate, MySQL, REST API, React.js, HTML5, CSS3, Bootstrap

Developed a full-stack Book Management System to manage books and categories efficiently. Built RESTful APIs using Spring Boot for backend operations and created a responsive user interface using React.js. Implemented CRUD operations for book and category management, integrated MySQL database using Spring Data JPA and Hibernate, and followed a layered architecture with Controller, Service, Repository, and Model components.

- **IoT-Enabled Smart Helmet for Accident Detection and Rider Drowsiness Monitoring (Academic Project)**

Technologies : Arduino IDE, Embedded C, IoT, GPS, GSM, Accelerometer, IR Sensor.

Developed an IoT-based smart helmet to detect accidents and rider drowsiness, enabling real-time emergency alerts and improving road safety.

Certificates

- Certified in Java Programming
- Certified in Web Designing
- Certified in AI Tools

Internship

- **BHARATH HEAVY ELECTRICAL LIMITED (BHEL)RANIPET**

25/06/2025 - 23/07/2025

Complete 1-month internship and

Improved technical problem-solving, analytical thinking, and teamwork skills.

Presentation

- **Paper Presentation :**

Presented the research paper titled "IoT-Enabled Smart Helmet for Accident Detection and Rider Drowsiness Monitoring System" at NEURONIX'26 (Mailam Engineering College, March 2026) and RTICCE-2K26 (P.T. Lee Chengalvaraya Naicker College of Engineering and Technology, April 2026).

- **Publication :**

Published a research paper on "IoT-Enabled Smart Helmet for Accident Detection and Rider Drowsiness Monitoring" in IJIRMS Journal, May 2026.

Soft Skill

- Problem solving
- Analytical thinking
- Leadership & responsibility
- Adaptability & flexibility
- Quick learning ability & self learning
- Team work & collaboration

Declaration

- I hereby declare that the above mentioned information is true and correct to the best of my knowledge to the belief.
